

## Chapter 5

Bill Zinni/USFWS

*Hosting a public meeting*

## Consultation and Coordination with Others

## Background

We presented in chapter 1, figure 1-1, the steps in the comprehensive conservation planning process and how it integrates NEPA requirements including public involvement. What follows is the chronology of public outreach activities we conducted prior to releasing the final CCP/EIS.

## Planning Updates, Issues Workbook, and other Newsletters and Publications

August 2001	Distributed newsletter announcing that we were beginning the planning process and to ask if people wanted to be on our mailing list
June 2002	Distributed the issues workbook and planning newsletter to approximately 1,000 names on our mailing list
Fall/Winter 2004	Distributed 219 stakeholder surveys in cooperation with U.S. Geological Survey (USGS)
August 2005	Distributed our “Planning Update” to everyone on our mailing list
November 2005	Distributed the Executive Summary of USGS stakeholder survey
June 2007	Distributed newsletter announcing release of draft CCP/EIS to approximately 1,000 names on our mailing list
July 2007	Distributed Draft CCP/EIS for 77 days of public review and comment. A Federal Register Notice was published and hard copies and cd-roms were distributed at this time. Also, a copy was posted on the National Conservation Training Center website, and news releases and a newsletter were distributed.
